

†ಶ್ರೀ ಬಿ. ಸುಬ್ರಹ್ಮಣ್ಯ.—ಶಿವಮೊಗ್ಗದಲ್ಲಿ ಎರಡು ತರಹ ಶಾಲೆಗಳಿವೆ, ಅದರಲ್ಲಿ ಇಂದಸ್ಥಿ ಯಾಲ್ ಸ್ಕೂಲ್ ಪುನರ್ವಿಧಿಗೊಳಿಸಿದ್ದು. Reorganisation ಆದಮೇಲೆ ಅದನ್ನು model Smithy and carpentry centre ಎಂದು ಕರೆಯುತ್ತಾರೆ.

Sir, there are two centres—model smithy and carpentry centre and there is also the Industrial Training Centre run by the Labour Department. I do not know to which the question refers to. If it is with regard to the Training Centre it will be shifted to Bhadravati. The site has been chosen, constructions of building will proceed and as soon as the building is ready, the Centre would be shifted from Shimoga to Bhadravati.

### ADEQUATE SUPPLY OF DRINKING WATER TO SEDUM TOWN, GULBARGA DISTRICT.

\*Q.—1074. Sri J. P. SARWESH (Serum).—

Will the Government be pleased to state:—

(a) whether it is a fact that the increasing population of Sedum Town, Gulbarga District, are put to great difficulty for want of drinking water since several years;

(b) the population of Sedum Town and the average supply of drinking water to each person per day;

(c) whether it is a fact that the sanctioned remodelling Sedum Water Supply Scheme did not progress since 1955 and if so, the reasons therefor;

(d) the amount contributed by the Sedum town Municipality, for the above scheme;

(e) when they intend to start the work and complete the scheme?

A.—Sri T. SUBRAMANYA (Minister for Development and Local Self-Government).—

(a) There is adequate water for drinking purposes, though not for domestic purposes.

(b) The population is 9,477 as per 1961 Census (provisional) and the daily average of water supply is 6 gallons per head per day.

(c) There was difficulty in getting proper contractors for taking up the work. It was also found that the estimate for Rs. 2 lakhs already sanctioned by the ex-Hyderabad Government, required revision to meet the needs of the population. The estimate is revised to Rs. 3 lakhs and the question of sanctioning it, is under the consideration of Government.

(d) Rs. 58,000

(e) As early as possible.

Sri J. P. SARWESH.—May I know the reason why no work is taken up?

† Sri T. SUBRAMANYA.—Because the scheme under which the ex-Hyderabad sanctioned this water supply, is not available to us. We have addressed the Andhra Government but we were not able to get a reply. If the Municipality is prepared to accept our scheme and take the loan amount, then certainly we will consider it very sympathetically.

Sri Y. VEERAPPA.—Have the Andhra Government written that they are not in possession of the scheme?

Sri T. SUBRAMANYA.—I addressed the Andhra Government in 1956 and no reply is received in spite of several reminders.

1-30 P.M.

Sri J. P. SARWESH.—Does the Government know that water facilities are not available at present in that place?

Sri T. SUBRAMANYA.—The information is that 6 gallons *per capita* is being supplied for domestic purposes. We know it is inadequate. For that purpose, an estimate has been prepared for 3 lakhs. The original estimate was for two lakhs. The pattern of assistance that was committed to by the old Hyderabad Government is not available with us.
